1. GENERAL UNDERWRITING REQUIREMENTS

- a. Risks insured on HO-3 must be insured for at least 100% of replacement cost, subject to Cypress' minimum insurance to value eligibility. A current cost estimator is required at inception.
- b. Dwellings with Coverage A under \$250,000 (Tier 1) and under \$100,000 (remainder of state), should be submitted to underwriting for approval prior to binding.
- c. Dwellings located in Tier 1 must have a minimum 2% Windstorm or Hail and Named Storm Deductible.
- d. Dwellings located in designated catastrophe area will require a certification showing the structure has been erected, altered and/or repaired in accordance with building construction requirements for windstorm coverage.
- e. Dwellings with Coverage A over \$500,000 must have an active burglar and fire central station monitoring system.
- f. Dwellings with Coverage A greater than \$1,500,000 must be submitted to underwriting for approval prior to binding.
- g. Secondary or Seasonal homes:
 - o Must be owner-occupied and not held for rental at any time.
 - o Must have an active burglar and fire central station monitoring system.
- h. Dwellings with roofs that are over 15 years old may only be written with Actual Cash Value loss settlement on the roof, and must be submitted to underwriting for approval **prior to binding**.
- i. Dwellings must be protected by smoke detectors in good working order located close to the kitchen and all sleeping areas.
- j. Homes must be properly maintained in sound condition and exhibit pride of ownership.

2. INELIGIBLE RISKS

A. Property Type and Characteristics

- a. Any dwelling, or personal property located in any dwelling, not used solely as a private residence, except for the incidental office occupancies.
- b. Dwellings containing more than 2 units, or more than 1 family in a unit.
- c. Dwellings that are in the course of construction or under renovation for more than 30 days.
- d. Dwellings not originally constructed for residential purposes.
- e. Any dwelling constructed with:
 - o Synthetic Stucco or EIFS (Exterior Insulation and Finish Systems) built before 1998. Synthetic Stucco homes must include a moisture drainage design.
 - o Asbestos siding or roofing.
 - o Chinese Drywall (Homes constructed between 2004 and 2008 with drywall manufactured in China).
- f. Mobile, modular, pre-fabricated, log, geodesic homes, earth contact, motor and trailer homes or houseboats.
- g. Registered historical homes are ineligible for coverage.
- h. Dwellings built on pier & beam, stilts or other open foundations.
- i. Dwellings built by individuals who are not licensed contractors. The licensed contractor cannot be the insured or additional insured.
- j. Town Houses or Row Houses constructed without firewalls that separate each unit or more than 8 units per building.
- k. Any property, including the dwelling, premises, and any other structures, with unrepaired damage or hazards that present an increased exposure to physical damage or liability loss. Yard must be free of debris and potential liability hazards including, but not limited to: appliances, inoperative autos, flammable materials, and piles of refuse.
- l. Dwellings with porches or decks more than 2 feet off the ground or with three (3) or more steps leading to them without properly installed handrails.

CYPRESS TEXAS LLOYDS HOMEOWNERS PROGRAM MANUAL

- m.** Dwellings older than 40 years unless all required documents are submitted with application prior to binding. Required documents include: four (4) photos of the exterior of the dwelling, two (2) interior photos to include bathrooms and kitchen areas, documentation from a licensed general contractor that home has been completely updated within the last fifteen (15) years. Completely updated means roofs are required to have been completely replaced; a complete re-wiring of the entire dwelling; complete heating systems are required to be replaced; and complete re-plumbing of all pipes and fixtures is required. In addition, a static test certificate must be provided.
- n.** Electrical systems must be equipped with a main circuit panel of 100 amps or greater. No knob and tube or aluminum wiring.
- o.** Plumbing systems may not have lead, galvanized or polybutylene supply lines.
- p.** Dwellings with the following roofs:
 - Wood shingle or any roofing over wood shingle.
 - Flat, tar, gravel, or rolled.
 - Corrugated metal.
 - Composition shingle roof with more than one overlay.
 - Roofs in poor condition. For example, composition asphalt shingle roofs with curling, broken, blistered, damaged or missing shingles, missing granular, missing or popping nails.
 - Roofs subject to overhanging tree limbs or other hazards.
- q.** Approval prior to binding is needed on any tin or aluminum roof.
- r.** Dwellings heated in whole or in part by solid fuel heating devices, such as wood burning stoves; or any other device that is not controlled by a wall mounted thermostat; and dwellings heated in whole or in part by a portable space heater. Exception: Fireplace systems that are professionally installed. Fireplace inserts (which are wood burning stoves inserted into masonry fireplaces) that are professionally installed by a licensed contractor must be submitted prior to binding with appropriate documentation.
- s.** Risks that have been previously rejected, canceled or non-renewed by any company for underwriting reasons must be submitted prior to binding. Acceptability of the risk is dependent upon the reason for the coverage declination, cancellation or nonrenewal.
- t.** Dwellings also insured under another insurance policy, except NFIP or TWIA policies.
- u.** Risks with no prior insurance, forced placed coverage by mortgagee or lapse in coverage. Exception: New purchase.
- v.** Homes with burglar bars.

B. Location

- a.** Dwellings located entirely or in part over any body of water.
- b.** Dwellings within 1,000 feet of mean high tide.
- c.** Dwellings located on a barrier island may be ineligible, subject to an inspection.
- d.** Dwellings located in Protection Class 10 unless located within Protected Subdivision (Rule 21).
- e.** Dwellings located on more than 5 acres.
- f.** Isolated properties, which are defined as those that are not visible from at least two other dwellings, not in sight of a paved road or not accessible year-round to firefighting equipment.
- g.** Properties located in a brush or forest fire area.
- h.** Dwellings located in an area that has been condemned for any reason, including urban renewal or highway construction.
- i.** Dwellings located in Special Flood Hazard Areas (SFHA) Zones A or V, unless an NFIP policy has been purchased with matching building limits.
- j.** Properties built on landfills previously used for refuse.

CYPRESS TEXAS LLOYDS HOMEOWNERS PROGRAM MANUAL

C. Occupancy

- a. Dwellings that are part of a “working farm.” “Working farms” are defined as properties with any livestock, properties on which row crops are grown (other than a domestic garden) or properties with income producing farming operations.
- b. Vacant or unoccupied properties or a dwelling that is currently held for sale. A dwelling is not considered vacant or unoccupied for underwriting reasons if the new owner is moving into the building within 60 days after the effective date of the policy (Explain in Remarks).
- c. Dwellings primarily used for business or with incidental business occupancies, other than an office.
- d. Model homes when used as a builder’s display.
- e. Dwellings used for purpose of college housing.

D. Applicant Characteristics and Loss History

- a. Bankruptcy, liens, judgments, foreclosures or repossessions within the last 5 years or the insured has been convicted of insurance fraud, arson, or other insurance related offenses.
- b. Applicants who have more than 1 non-weather related or non-CAT loss within the last 3 years. Loss inquiries are not considered in this rule.
- c. Applicants who have experienced any Fire, Water, Theft, or Liability loss in the previous 3 years at this location unless it can be demonstrated that the cause of loss has been corrected. Such demonstration of corrective measures must be submitted for approval prior to binding. Also ineligible are risks with an excessive frequency of prior losses.
- d. Maximum number of properties owned by one owner is four (4), regardless of insurance carrier.
- e. Wrap-around mortgages and land-purchase agreements must be reviewed and approved by underwriting prior to binding.
- f. Risks with more than 2 mortgages.

E. Liability Exposures

- a. Dwellings with child care or home day care exposures.
- b. Dwellings used for assisted living, nursing or group homes.
- c. Any exotic pets (e.g. pythons, rattlesnakes, poisonous spiders), non-domestic animals, livestock, farm or saddle animal exposure existing on the premises.
- d. Any animals with a bite history or that have caused bodily injury to any person.
- e. Any dangerous dogs including, but not limited to, any of the following breeds: Akita, American Bulldog, American Pit Bull Terrier, American Staffordshire Terrier, Catahoula Leopard, Chow, Doberman Pinscher, German Shepherd, Presa Canario, Pit Bull, Rottweiler, Staffordshire Bull Terrier, Wolf or Wolf Hybrid. A mixed breed dog with any of the above breeds is also ineligible.
- f. Any dog that has ever been trained and/or used as a guard dog or attack dog.
- g. Any unfenced swimming pool, pond or similar water exposure on the premises. Pools and hot tubs must be protected by a fence at least 4 feet high with a self-locking gate, or a screened enclosure.
- h. Any swimming pool with a diving board or water slide on the premises.
- i. Any trampolines, skateboard or bicycle ramps on premises.
- j. Property with underground storage tanks for liquid fuel.

3. BINDING AUTHORITY

Agents have the authority to bind coverage on any risk that is not identified as “ineligible” in the **Ineligible Risks** section of this underwriting guide. Agent’s authority is for the limits stated and the forms of coverage outlined in the various sections of this guide. Any exceptions must be referred to Cypress Underwriting Team for approval **prior to binding**.

CYPRESS TEXAS LLOYDS HOMEOWNERS PROGRAM MANUAL

Binding authority for new business, increases or additions of coverage, or deductible reductions are suspended when notified by the Company or, for all Tier One and Tier Two counties, when a designated tropical storm or hurricane is located west of 80 degrees West Longitude and north of 20 degrees North Latitude. Binding authority will not resume until binding restrictions have been lifted by the Company.

Binding may also be suspended in any part of the state by the company in the event of wildfire, earthquake, or other catastrophies.

4. COVERAGES, FORMS & LIMITS

6. ELIGIBILITY

Form HO-3

A Homeowners Policy may be issued to:

1. The owner-occupant(s) of a dwelling which is used exclusively for private residential purposes – owner cannot be a corporation, LLC or partnership; however, these can be listed as Additional Interest only; or
2. The purchaser-occupant(s) who has entered into a long term installment contract for the purchase of the dwelling and who occupies the dwelling but to whom title does not pass from the seller until all the terms of the installment contract have been satisfied. The seller retains title until completion of the payments and in no way acts as a mortgagee. The seller's interest in the building and premises liability may be covered using Additional Insured **Endorsement HO 04 41** for the HO-3.
3. The occupant of a dwelling under a life estate arrangement. The owner's interest in the building and premises liability may be covered using Additional Insured **Endorsement HO 04 41** for the HO-3.

It is permissible to extend the Homeowners Policy to cover the interest of a nonoccupant joint owner in the building and for premises liability. Use Additional Insured **Endorsement HO 04 41** for the HO-3.

A Homeowners Policy shall not be issued to cover any mobile home, trailer home or housetrailer.

7. SEASONAL/SECONDARY DWELLING

A seasonal dwelling is a dwelling with continuous unoccupancy of three or more consecutive months during any one-year period. A secondary dwelling is a dwelling occupied by the named insured for less than a total of 180 days in the most recent calendar year.

8. ADDITIONAL INSURED

This endorsement extends the definition of "insured" to include those named with respect to the Dwelling, Personal Liability (premises only) and Medical Payments to Others (premises only). Additional insureds will be notified of any policy cancellations or non-renewals. Trusts may be added as additional insured when either the trust grantor or beneficiary is the named insured and resides in the home.

Use **Endorsement HO 04 41 – Additional Insured**.

9. ADDITIONAL INTEREST

Additional interests are added for informational purposes only and will be notified of any policy cancellations or non-renewals, but do not have any coverage under the policy.

Use **Endorsement HO 04 10 – Additional Interests Residence Premises**.

10. MANDATORY COVERAGES

Coverage must be written for both Sections I and II of the Homeowners Policy.

11. POLICY PERIOD

A policy may be written for a period of one year and may be extended for successive policy periods by extension certificate based upon the forms, premiums and endorsements then in effect for Cypress.

CYPRESS TEXAS LLOYDS HOMEOWNERS PROGRAM MANUAL

12. MINIMUM PREMIUM

- A.** The Minimum Annual Premium charged for each policy is:
Form HO-3 - **\$500**
- B.** In calculating the premium for HO-3, there is also a minimum premium for each group of perils as follows:
Wind Premium - **\$200**
All Other Peril Premium - **\$200**
- C.** The Minimum Annual Premium includes all chargeable endorsements or coverages, if written at inception of the policy.

The minimum wind premium does not apply when the Named Storm or Windstorm or Hail Exclusion is attached.

13. WAIVER OF PREMIUM

When a policy is endorsed after the inception date, the amount of additional or return premium that may be waived is \$5.

14. RESERVED FOR FUTURE USE

15. CHANGES OR CANCELLATIONS

- A.** It shall not be permissible to cancel any of the mandatory coverages in the policy unless the entire policy is cancelled.
- B.** If insurance is increased, cancelled or reduced, the additional or return premium shall be calculated on a pro rata basis, subject to the minimum premium requirement.

16. TRANSFER OR ASSIGNMENT

Transfer or assignment is not available. New applications are required.

17. PREMIUM ROUNDING

When calculating premium, the adjusted Wind and All Other Peril base premiums and final premiums are rounded to the nearest whole dollar.

18. ESTABLISHING BASE RATES

Base Rates are comprised of a rate for Wind and a rate for All Other Perils. These rates are then factored to determine final rates as shown in the rules. For determining All Other Peril and Wind Base Rates, see Appendix B.

19. TIER CRITERIA

Tiered rating is utilized to broaden underwriting eligibility and properly match rate to risk. Customer data gathered from the applicant and third party providers determines tier placement. Once assigned to a tier, the policy remains in the same tier at subsequent renewals. Criteria used for tier placement include prior homeowners' insurance coverage, insurance financial stability scoring, and prior claims (in the last three years).

The following prior claims shall not be considered in tiering:

- 1.** A claim resulting from natural causes such as windstorm or hail, freeze, flood, earthquake, sinkhole, mudslides, lightning, tidal waves, hurricanes, tornadoes, volcanos, wildfires.
- 2.** A claim to a dwelling currently owned by an insured or applicant which occurred prior to ownership.
- 3.** An appliance-related loss relating to a water damage claim.
However this exception does not apply if the insured has made and received payment for three or more appliance-related claims within a three-year period.
- 4.** A claim inquiry or claim not paid.

See **Appendix C, Table 1** and apply the appropriate factor to the All Other Perils Base Rate only.

CYPRESS TEXAS LLOYDS HOMEOWNERS PROGRAM MANUAL

20. CONSTRUCTION DEFINITIONS

Construction is used to modify the rate based on the risk associated with each construction type. These construction types are defined as the following:

A. Frame

Exterior wall of wood or other combustible construction, including wood iron-clad, stucco on wood or plaster on combustible supports, or aluminum or plastic siding over frame.

B. Masonry Veneer

Exterior walls of combustible construction veneered with brick or stone.

C. Masonry

Exterior walls constructed of masonry materials such as adobe, brick, concrete, gypsum block, hollow concrete block, stone, tile or similar materials and floors and roof of combustible construction.

D. Superior Construction

Exterior walls and floors and roof constructed of masonry or other fire resistive materials.

E. Mixed (Masonry/Frame)

A combination of both frame and masonry construction shall be classed as frame when the exterior walls of frame construction (including gables) exceeds 33 1/3% of the total exterior wall area otherwise class as masonry.

See **Appendix C, Table 2** for the appropriate factor to calculate the adjustment to the Wind Base Premium.

21. PROTECTION CLASSIFICATION CODES AND INFORMATION

A. Protection Information: Use 1-10 as assigned to the Community.

1. The protection class indicated applies in a municipality or classified area where a single class of fire protection is available throughout (8, 7, 6, etc.).
2. In a classified area where two or more classifications are shown (e.g. 6/9), the classification is determined as follows:

Distance to Fire Station

Class

- | | |
|--|-----------------|
| a. 5 road miles or less with hydrant within 1,000 feet | * |
| * First protection class (e.g. use Class 6) | |
| b. 5 road miles or less with hydrant beyond 1,000 feet | 9 |
| c. Over 5 road miles | 10 (Ineligible) |

3. **Protected Subdivision Rule:** Dwellings located in areas classified as **Protection Class 10** which meet **all** of the following criteria will receive a 16% credit to the **All Other Peril Base Premium** for the HO-3. To qualify for the credit, the year of construction must be the current year or the prior 4 years, and the dwelling must be in a qualifying restricted subdivision that:
 - a. is under development with a recorded plan and paved roads where dwellings are built by licensed contractors subject to building restrictions as to type and square footage; and
 - b. contains at least 10 houses on lots no larger than 5 acres; and
 - c. is within 5 miles travel distance of a responding fire department; and
 - d. the dwelling is located within 1,000 feet of a functioning fire hydrant. If the location is beyond 1,000 feet of a functioning fire hydrant and/or there are no year-round available water sources (i.e. river, lake, pool, etc.), the fire department must have pumper/tank trucks with a minimum water capacity of 5,000 gallons.

See **Appendix C, Table 3** to calculate the **All Other Peril Base Premium**.

CYPRESS TEXAS LLOYDS HOMEOWNERS PROGRAM MANUAL

22. AMOUNT OF INSURANCE ADJUSTMENTS

The factors for calculating the amount of insurance are outlined in **Appendix C, Table 4**.

23. DEDUCTIBLES

All policies are subject to a deductible that applies to loss from all Section I perils. See **Appendix C, Table 5** for premium calculation and factor.

A. Clause No. 1a - Named Storm:

A Named Storm is a storm, cyclone, typhoon, atmospheric disturbance, or other weather phenomena designated and named by the National Weather Service. See policy forms for terms and conditions.

B. Clause No. 1b – Windstorm/Hail:

Windstorm/Hail deductible applies to losses from wind and/or hail that do not meet the definition of a named storm.

C. Clause No. 2 – All Other Perils:

All other Perils deductible applies to losses that are not a named storm, windstorm, hurricane or hail.

All policies are subject to a deductible(s) that apply to loss from all Section I perils. The following chart lists the minimum deductible options available.

All Other Perils	Windstorm or Hail	Named Storm
1% with \$1,000 minimum*	1% with \$1,000 minimum*	1% with \$1,000 minimum*

*Optional higher deductibles of 2%, 3%, 4% or 5% are available. Dwellings located in Tier 1 must have a minimum 2% Windstorm or Hail and Named Storm Deductible.

The Windstorm or Hail Deductible must be equal to or greater than the All Other Perils Deductible. The Named Storm Deductible must be equal to or greater than the All Other Perils and Windstorm or Hail Deductible.

24. YEAR OF CONSTRUCTION ADJUSTMENTS

Policy premiums will be adjusted based on the year of construction of the dwelling. The year of construction shall be the year in which the home was completed. To develop the Year of Construction Adjustment, See **Appendix C, Table 6**.

The application must be submitted **prior to binding** with all of the following required documentation attached:

- Two (2) photos of the exterior of the building to be insured; and
- Documentation from a licensed general contractor that all systems in the building (wiring, plumbing, heating and cooling) have been completely updated within the past 5 years. Completely updated means:
 - Shingle roofs are required to have been completely replaced (other roofing types must be documented as being in excellent condition); and
 - There has been a complete re-wiring of the entire building; and
 - All of the heating and cooling systems are required to be replaced throughout the building; and
 - A complete re-plumbing of all pipes and fixtures of the entire dwelling is required; and
 - A new Certificate of Occupancy has been issued, if applicable.

**CYPRESS TEXAS LLOYDS
HOMEOWNERS PROGRAM MANUAL**

25. REPLACEMENT COST COVERAGE

A. DWELLING:

Form HO-3 includes Replacement Cost Loss Settlement for Dwelling in the base premium and is subject to the terms and conditions of the policy. For a premium credit the Roof Loss Settlement may be decreased to Actual Cash Value (ACV). See table below for premium factor.

Roof Loss Settlement

With prior underwriting approval, when the roof of the dwelling is older than 15 years, the loss settlement of the roof will be limited to ACV on windstorm or hail losses. To calculate premium credit, multiply the **Wind Base** or the **AOP Base Premium** by the appropriate factor below.

Endorsement	Wind Factor	AOP Factor
Endorsement HO 23 05 for Actual Cash Value Loss Settlement/Windstorm or Hail Losses to Roof Surfacing - Texas	-0.01	INCL. IN BASE

B. PERSONAL PROPERTY:

The policy provides loss settlement on an Actual Cash Value basis for certain types of property. The policy may be endorsed to provide loss settlement on a Replacement Cost basis for such property. The following chart shows attachment criteria and rating factor applicable for this coverage. The premium is calculated by multiplying the All Other Peril and Wind Base Premiums when applicable by the factor below:

Endorsement Name	Endorsement Number	Included/Optional	AOP and Wind /Base factor
Personal Property Replacement Cost Loss Settlement	CTL 363	Optional	0.10

26. RESERVED FOR FUTURE USE

27. OTHER STRUCTURES/INCREASED LIMITS

Other Structures on premises are covered by the basic policy for an amount equal to 10% of the Dwelling Coverage Limit of Liability. This 10% extension of coverage may be increased at the **per \$1,000** rate in the table shown below, regardless of deductible, to a **maximum limit of 25% of the dwelling coverage limit**. Other structures may not be rented to others or used by non-related persons for residence purposes.

59. IDENTITY THEFT EXPENSE AND RESOLUTION SERVICES COVERAGE (HO-3)

The endorsement provides limited coverage to pay for expenses incurred by an insured as a direct result of any single identity theft or fraud first discovered or learned of during the policy period. No deductible applies to this coverage. This endorsement provides coverage up to a limit of \$25,000 and may be purchased for \$25.00 and is available on our HO-3 product.

Use Endorsement CTL HO 406B – Identity Theft Expense and Resolution Services Coverage.

60. PAID CLAIM RATING PLAN

The paid claims rating plan recognizes the loss history of a Cypress insured for both property and liability coverage, in determining the appropriate premium for a renewal policy. Apply the following to the All Other Peril Base Rate:

Number of qualified paid claims in the last 3 years.	Factor
0	1.00
1	1.00
2	1.45
3	1.70
4+	2.20

A qualified paid shall be considered eligible for rating if:

- 1. The claim occurred after the new business effective date of the policy.
- 2. The claim occurred during the three years immediately preceding the date of the preparation of the renewal.

Exceptions:

The following shall not be considered eligible for rating under the plan:

- 1. A claim that occurred prior to the policyholder's tenure with us or losses for which subrogation payments have been received are NOT considered qualified claims.
- 2. A claim resulting from natural causes such as windstorm or hail, freeze, flood, earthquake, sinkhole, mudslides, lightning, tidal waves, hurricanes, tornadoes, volcanos, wildfires.
- 3. A claim to a dwelling currently owned by an insured or applicant which occurred prior to ownership.
- 4. An appliance-related loss relating to a water damage claim. However this exception does not apply if the insured has made and received payment for three or more appliance-related claims within a three-year period.
- 5. A claim inquiry or claim not paid.
